

GOURAV VISHVAKARMA

FULL STACK DEVELOPER | MERN SPECIALIST

+91 8305419974 • [MailID](#) • [LinkedIn](#) • [Myportfolio](#)

PROFILE SUMMARY

A highly motivated and recently IT-trained professional with hands-on experience in Java and MERN (MongoDB, Express.js, React, Node.js) stacks. Proven ability to contribute to live projects and eager to leverage technical skills to deliver impactful solutions in a collaborative environment. Possesses a strong foundation in software development principles and is eager to develop expertise through challenging assignments and continuous learning. Ready to contribute immediately and seeking an entry-level Software Engineer role.

SKILLS

- **Programming Languages:** Basics of Java, JavaScript , HTML5, CSS
- **Frameworks/Libraries:** **Java:** Swing
MERN Stack: React, Node.js ,Express.js
- **Databases:** MongoDB, MySQL
- **Version Control:** Git, GitHub
- **Development Tools:** Eclipse, VS Code, Apache NetBeans
- **Soft Skills:** Communication, Teamwork, Problem-Solving, Adaptability

PROJECTS

Institute Management System

A Java Swing & MySQL-based desktop application for managing student registration, login, and course enrollment. Emphasized user accessibility and process automation.

- Implemented automatic fee calculation and secure JDBC connectivity.
- Designed a user-friendly GUI to improve navigation and reduce manual errors.

HireIQ

A smart recruitment platform that automates tasks like resume parsing, job posting, and interview scheduling to streamline hiring. Built using JavaScript, Node.js, Express, and MySQL with MVC structure.

- Enabled automated application tracking and dynamic question generation.
- Ensured seamless recruiter-candidate interaction via RESTful APIs.

TRAINING

InfoBeans Foundation – ITEP

Aug'24 – Aug'25

Successfully completed a comprehensive industry-aligned training program focused on both **technical proficiency and professional development**. The training covered core programming and modern web technologies including **Java, HTML, CSS, JavaScript, and MERN stacks**, supported by hands-on projects and expert-led mentorship.

- Attended exclusive expert sessions on Cybersecurity, Digital Ethics, AI, Future of Technology, Personality Development, conducted by professionals from IITs, IIMs, and leading MNCs.
- Acquired in-depth knowledge of full-stack development, database integration, and dynamic web application architecture through real-time simulations and assignments.
- Developed leadership, communication, and soft skills essential for professional growth and team collaboration.

ACCOMPLISHMENTS

- Participated in an industry-aligned technical training program, gaining hands-on experience in Java, HTML, CSS, and JavaScript through real-world projects and collaborative tasks.
- Recognized by industry experts for rapid learning and effective teamwork during the training program, enhancing project outcomes through technical contributions and problem-solving.
- Took initiative to guide peers during collaborative coding sessions, helping resolve blockers and ensuring timely project completion in team-based environments.
